

How to Configure iPhone/iPad for your iFocus Mail Account

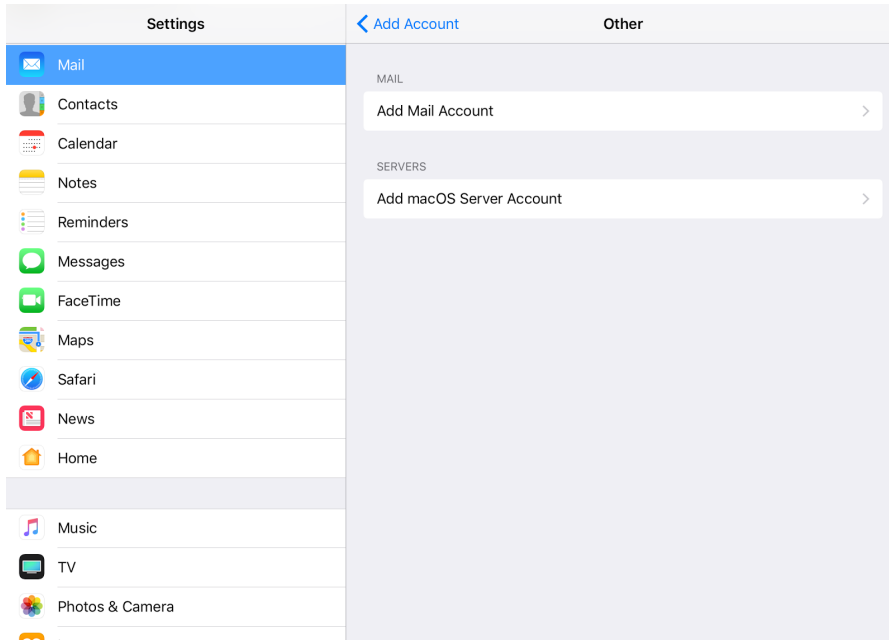

Within your iOS Device open **Settings** and select **Mail**...

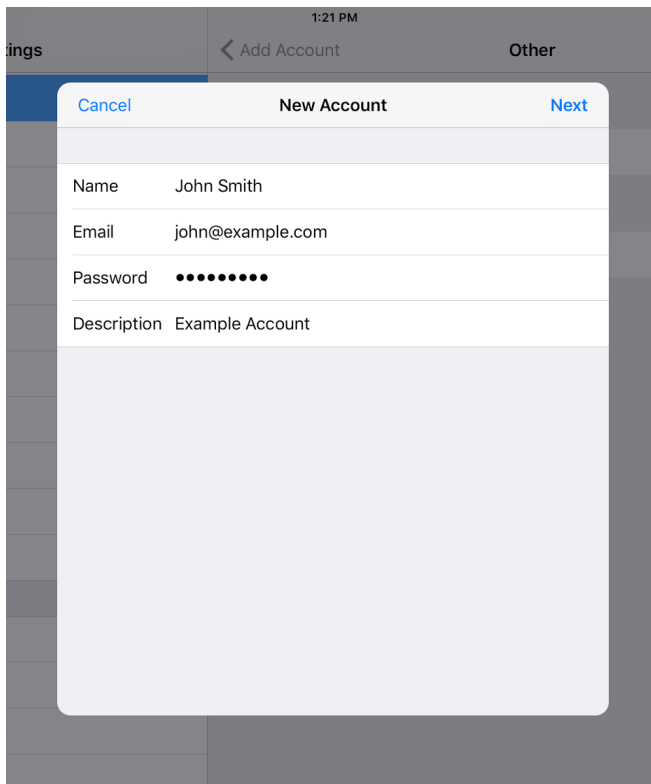

Select **Accounts** tab then select **Add Account**...

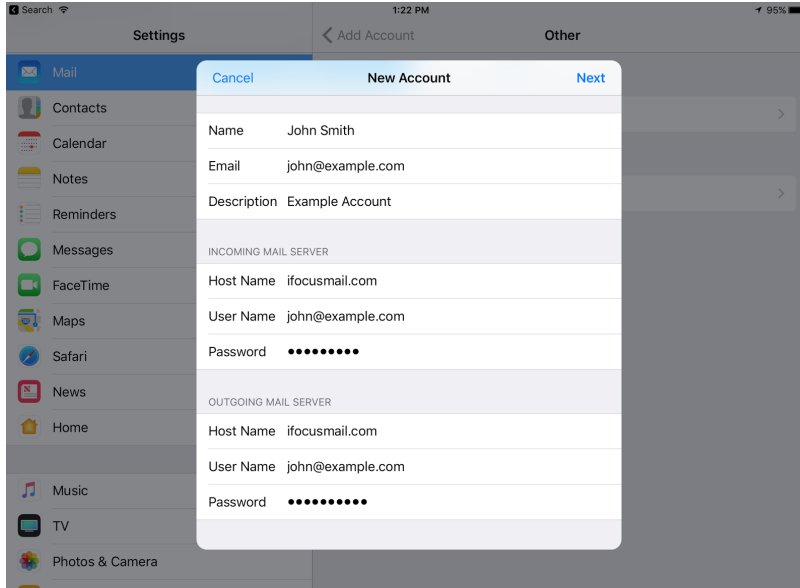

Select **Other**...

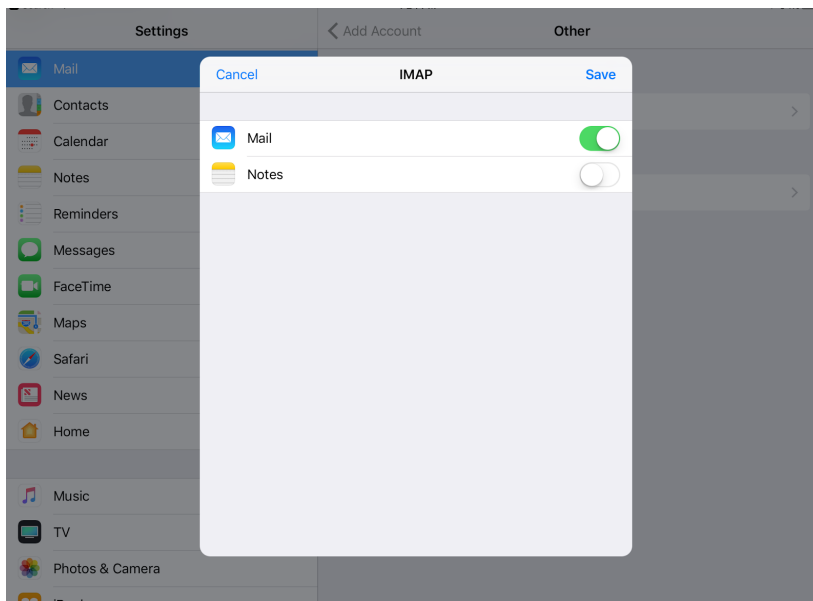

Select **Add Mail Account...**

Enter **Your name / Email Address** and enter your account **Password**
Click **Next** to continue.

For both **Incoming Mail Server** and **Outgoing Mail Server**, enter **ifocusmail.com** as the value for **Host Name**. Enter your email address as the **Username** and your account **Password** in all sections required.. Select **Next** to continue.

Select **Save** to complete the email setup process.
